

Statement on the 36th anniversary of martyrdom of Comrade Siraj Sikder

January 2 is the day when founder of proletarian party of East Bengal (PBSP)/Bangladesh Comrade Siraj Sikder was martyred by the Awami fascist government led by Sheikh Mujiv in 1975. Siraj Sikder is the greatest son of Bangladesh who led the proletariat there to take up Mao Thought as development of Marxism-Leninism. On that basis he correctly analyzed the society of East Bengal as colonial-semi feudal, led the proletariat to form its own party, armed force for the first time in history and united front by mobilizing peasantry, middle class and national bourgeoisie. Under his leadership, party could establish base area twice: once in 1971 in payarabagan forest in the river delta in Barisal district and then in Chittagong hill tract in 1972-75 period.

His idea that East Bengal was a colony of Pakistan and later of India had an international significance. From that analysis he went ahead to led the proletariat to fight for national liberation. In his understanding, all the countries dominated by imperialism are in essence colony. Present world situation clearly proves his idea.

He had a good understanding on the communal class contradiction of British colonial Bengal. The general situation of South Asia and contemporary world proves this idea too.

He specified bureaucratic capitalism of East Bengal and targeted fight against it. His understanding was that bureaucratic bourgeoisie are the representative of Imperialism, Expansionism, bureaucratic capitalism and semi feudalism. This is also a crucial thinking that today's world communists must understand.

In this day, when communists of Bangladesh are observing national martyr's day commemorating thousands of martyrs, we are giving full support to the new generation Maoists of PBSP who are struggling hard to reorganize party and prepare for people's war.

Glorious comrade Siraj Sikder is immortal!

Long live legacy of Siraj Sider!

Long live revolution!
