Statement to the Media

20th April 2011

The Central Committee of the New-Democratic Marxist-Leninist Party, having discussed the statements issued by the Senate of the U.S. and by the U.N. Panel of Experts on the Government of Sri Lanka has issued the following statement on the issues concerned.

The Government of Sri Lanka is obliged to respond to charges of denial of democracy to the entire people of Sri Lanka, alleged acts of violation of human rights, and alleged war crimes committed against the Tamil people and that to dismiss the report of the U.N. Panel of Experts as a violation of the sovereignty of Sri Lanka, rather than address the issues is frivolous as well as dangerous. The sovereignty of Sri Lanka means the sum total of the sovereignty of the sovereignties of the Sinhala, Tamil, Muslim and Hill Country Tamil nationalities as well as of other minority communities of the country. It is necessary to arrest the encroachment upon such sovereignty through the U.N., against a background of ulterior motives of the U.S. and other Western imperialist powers. The only way to achieve it is for the Government to take the responsibility of responding meaningfully to the matters put forward by the Panel of Experts appointed by the Secretary General of the U.N. It is thus that the efforts driven by ulterior motives of the U.S. and other Western imperialist powers.

It should be noted that, since the Government of Sri Lanka is a client of imperialist neo-colonialist organizations including the U.N. that accepts their rules and regulations, it is committed to be answerable to them. Infringement of the sovereignty of countries is nothing new to U.S. imperialism and the U.N. It is not therefore necessary to accept such infringements. However, to avert and to resist such infringements, governments should be under obligation to provide honest answers to their own people. People know that leaders of countries who are in the embrace of imperialism praise imperialist powers when they are supportive of their oppressive regime and display great anti-imperialist and patriotic passion when the imperialist powers act in ways hostile to or in disagreement with their oppressive regime. Reports have been released in quick succession by the Senate of the US and by the Panel of Experts appointed by the Secretary General of the U.N. claiming that human rights have been violated and democracy has been denied by the Government of Sri Lanka and the defence forces of the Sri Lankan state and that, in the final stages of the war between the Sri Lankan defence forces and the LTTE, there have been violations of international humanitarian law by the defence forces of the Sri Lankan state, and that the Government of Sri Lanka is obliged to answer these charges.

The New-Democratic Marxist-Leninist Party has never endorsed the acts of personal terror by the LTTE and its call for a separate state. But it had the duty to point out that the fundamental reason for that organisation to indulge in armed struggle was the chauvinistic oppression against the Tamil people and that the oppression still continues.

The Party has been advocating a state structure in which all the nationalities of Sri Lanka can live in unity as a multi-ethnic society, based on the right to self determination, equality and autonomy. The Party has

consistently pointed out that it is only when such arrangements do not exist that the oppressed nationalities are driven to call for secession and a separate state.

National oppression by the chauvinistic capitalist governments that have continuously ruled Sri Lanka and the narrow nationalistic stand of the reactionary, conservative forces among the Tamils provided the basis to justify the call for secession.

Imperialist and regional hegemonic powers have pretended to be supportive of the secession of Tamil Eelam to deflect the struggle of the Tamil people and finally drowned that struggle in Nanthikkadal. They also directly and indirectly supported the chauvinistic Sri Lankan government. The U.S. and other Western imperialists, who despite all of it, have been unable to bring the Mahinda Rajapaksa government entirely to their side, are now posing an expression of support for the Transnational Government of Tamil Eelam formed by the elite of the Tamil diaspora.

Besides, the continuing threat of subjecting the Government of Sri Lanka to a war crimes inquiry is not motivated by a desire to provide justice to the affected Tamils but by the imperialist aim to intimidate the Government headed by Rajapaksa and thereby take control of the whole of Sri Lanka. Although Rajapaksa's government presents an anti-imperialist façade to the Sinhalese, it has situated the state of Sri Lanka as a client to neocolonialism. One finds now, under these conditions, that the rejection of the right of nationalities to self determination, comprising an aspect of his feudal attitude, is in conflict with imperialist concerns. But there is no anti-imperialism in Rajapaksa and there is no imperialist interest in self determination for the Tamils.

The failure of the Rajapaksa government to find a just solution for the national question as well as its refusal to accept answerability to the affected people on matters of war crimes and violation of human rights has created a situation in which imperialist and hegemonic forces are able to exert pressure on Sri Lanka.

The report of the senate of the U.S. has imperialist intentions. The report of Panel of Experts appointed by Ban Ki Moon, Secretary General of the U.N., which is a neo-colonial instrument, has neo-colonial motives. Blunt denial by the Government of Sri Lanka is no answer to the questions raised in the reports. The Government of Sri Lanka has the responsibility to conduct extensive inquiries and report on whether civilians had not been killed, international humanitarian laws were not breached, and human and democratic rights had not been violated, during the military action of the government against the LTTE. If it fails to do so, it risks surrendering to its imperialist masters.

Thus, beyond the humbug of the U.S., the U.N. and others and beyond the Sri Lankan government's denial, the Government headed by Rajapaksa should come forward to conduct a just inquiry into war crimes, violations of human and fundamental rights, and other such matters. Meantime, initiatives should be taken to find a political solution that will ensure power sharing between nationalities. That will unite the entire people to resist pressure and intervention from the U.S. and the West.
