

# COMMUNIST PARTY OF INDIA (MAOIST)

## CENTRAL COMMITTEE

### PRESS STATEMENT

#### **CONDEMN THE BRUTAL KILLINGS OF COMRADES KUPPUSAMY AND AJITHA!**

On November 24, 2016 COM: KUPPUSAMY, central committee member and secretary of western ghats special zonal committee and COM: AJITHA, SZCM and incharge of Tamilnadu urban movement were captured alive in an encounter and brutally killed by the notorious central and state mercenary forces near by kalkulam village, nilambur forest area of malappuram district, kerala state. The police had claimed a usual story that 'a patrolling team of special forces was attacked by maoists. At last no other way, police forces also fired as a retaliation and 2 were killed'. But as part of the LIC policy, it is a well planned execution of the leadership to crush the maoist party. Because of the health problems of the martyred comrades, the nadugani squad camped in that area with very less number. Hundreds of heavily armed special forces attacked the camp, captured these two comrades alive, tortured and killed brutally. After this Incident the police department unleashed an unprecedented terror campaign and goebbelsion propaganda about the maoist party throughout kerala and threatening the local people not to support the maoists. They are threatening the relatives of the martyred comrades too. The journalists and the human rights activists who try to bring truth into the light are also attacked and are even banished.

The ruling revisionist CPM government of kerala led by fascist pinarayi vijayan are well playing a drama that as a communist party, they are hailing the martyrdom of cuban revolutionary leader Fidel castro and conducting a statewide commemoration programs. On the other hand, they are joining hands with hindutva fascist narendra modi's central government to nip the bud of revolutionary movement led by CPI (MAOIST) party which is growing in the trijunction area of western ghats. They are day dreaming that they could suppress the revolutionary movement by killing top leadership. But a revolutionary party will not be eliminated through the killings of leadership. Because it is guided by the scientific theory of marxism- leninism- maoism. They forget the bitter lesson what they got from the people of midnapore, west bengal. They are trying to prevent the oppressed masses from advancing the revolutionary road. Definitely one day the people will teach them a lesson and anti people elements will be overthrown sooner.

Com: Kuppusamy @ Manju @ Prasad was born in an oppressed dalith poor family in krishnagiri district of tamilnadu. After completing his studies, he worked in L&T company in banglore, karnataka. He came to party contact in 1979-80's. He is one of the member in the leading core group of the erstwhile PW party in karnataka. Later it formed as state committee and he became its member. As a leader, he organised masses of karnataka under different issues. Particularly he concentrated in organising workers and vast oppressed masses in and around bangalore city. In 1992 he firmly stood with the party in the struggle against opportunist kondappalli seetharamaiyya, former secretary of the erstwhile People's war party. He elected as state committee secretary of karnataka in 1993. He elected to the central committee in 2001 9th congress and also reelected in the 2007 unified 9th congress which held after the merger of the CPI(Maoist) party. He worked as a member of the south western regional bureau and developed the party in southern states. Particularly he always hails the tamil peoples aspirations for separate nation in srilanka. He clearly analysed the defeat of LTTE in marxist approach and tried to build a strong broad solidarity movement for them. He strived hard to break the stagnation of the revolutionary movement in the southern states and played an important role in the struggle against the opportunistic line which came as an obstacle in karnataka and tamilnadu and led the party towards revolutionary path. He firmly upholds Marxism- Leninism- Maoism, crossed thorny path with twists and turns, ups and downs and even the renegades betrayal to the development of revolutionary movement in south india, he dared to open a war front in trijunction area of western ghats. He tried to unite all the genuine revolutionary forces and played an important role in the

merger of CPI (MAOIST) and CPI ML (NAXALBARI). He is a revolutionary proletarian intellectual, not like as bourgeois think tanks, he developed himself from the oppressed condition.

Com: Ajitha @ kaveri born in Chennai, Tamil Nadu. She came to party contact in the early 90's and worked as a leader of women organisation 'Tamil Nadu Pennurimai Kazhagam'. She led many struggles against the violence on women and organised them in revolutionary path. When Tamil Nadu party faced serious losses in 2002, she went underground and led the urban mass organisations. Particularly she guided several trade union struggles. She played an important role in the struggle against opportunistic line which arose in Tamil Nadu. Even her life partner took opportunistic line and flew away, she firmly stood with the party. She relentlessly fought against male domination both inside and outside the party. After the arrests of 4 SZCMs in Coimbatore, the police tried to arrest her several times. As per the decision of the SZC she stayed inside the forest and guided the urban movement.

Comrades,

Today, Lakhs and thousands of people throughout the country are struggling against the anti people policies of fascist Modi's central government which is backed by Brahminical Hindu fascism. They are realising that CPI (MAOIST) is the only revolutionary party which could liberate the toiling masses from this sordid social condition. The oppressed people throughout the country are organising more and more under the leadership of CPI (MAOIST) party. Therefore the ruling classes are adopting various repressive and deceptive tactics to crush the CPI (MAOIST) party and even trying to pacify all kinds of people's democratic struggles and trying to divert the boiling social discontent. It is real that the martyrdom of the two top leadership comrades Kuppusamy and Ajitha is a serious loss not only for the Western Ghats movement but also for the All India movement. But a revolutionary party always overcomes the losses. These two exemplary leaders laid their invaluable lives for the liberation of toiling masses from hunger, poverty and oppression. They lived and sacrificed their lives for the noble cause of Communism, and ideals of a classless society. They once again shown the glorious path of our martyrs, that commitment to cause and the people, selflessness, swimming against the tide, ready to bear any hardship and the Bolshevik spirit. The fascist central and state governments making all efforts by deploying notorious forces to crush the budding revolutionary movement in trjunction of Western Ghats. Their sacrifice shall not go in vain. The revolutionary red flag is turning more and more red by the blood shed by thousands of heroic martyrs in the course of fighting against the enemy. The people and the guerrillas are determined to fulfill the dreams of these martyrs by hitting back the enemy. The central committee of CPI (MAOIST) is strongly condemning the brutal killings of comrades KUPPUSAMY and AJITHA and We are appealing the workers, peasants, students, youths, intellectuals, oppressed nationalities and oppressed social sections including Dalits, Adivasis and religious minorities to condemn the fake encounter and brutal killings and to unite broadly and get organised strongly enough to resist the ruling-class onslaught by all possible means.

Revolutionary greetings

**(Abhay)**  
**Spokesperson**  
**Central Committee**  
**CPI (MAOIST)**
