TO Fight for the Security of Life and Liberation of Com. Gonzalo is Part of the Liberation Struggle of the Oppressed Masses

**[Letter of CPN (Unity Centre) to the Communist Party
of Peru on the capture of Com. Gonzalo]**

Through the Committee of the RIM

*To,
The Central Committee,
Communist Party of Peru,
Peru*

Dear Comrades,

The news of the capture of Com. Gonzalo, Chairman of the Communist Party of Peru, who has through his revolutionary thought and deeds in the present day world dominated by imperialism and Right revisionism been able to arouse deep feeling of respect in the hearts of the oppressed masses and communist revolutionaries and to attain the highest status of a source of inspiration, has come as a bitter accident to the people the world over. The Yankee imperialism's puppet, the Fuzimori ruling clique of Peru has proved itself thoroughly despicable and cowardly not only in front of the Peruvian people but the people the world over by capturing Com. Gonzalo and conspiring to murder him on such false accusations as a "murderer", a "terrorist" or a "narco-trafficker". In this context our Party expresses deep hatred and anger against Yankee imperialism and its puppet Fuzimori ruling clique and extends militant solidarity to the PCP and the revolutionary Peruvian people in this tragic hour of the capture of Com. Gonzalo. The people of the world are envisioning the future of their liberation in the Peruvian People's War, which has been raised to such heights of sacrifices and creativity while grasping the scientific truths of Marxism-Leninism-Maoism by the PCP under the leadership of Com. Gonzalo. To the imperialists and reactionaries dreaming of raising an empire of brutal plunder & murder of the people's the world over, the biggest blow has been provided from their own back-yards by Com. Gonzalo, the PCP and the developing people's war in Peru. The unparalleled devotion and sacrifice demonstrated by the revolutionaries under the leadership of PCP has also dealt a fatal blow to the Right revisionists degenerated from revolutionary Marxism and the petty-bourgeois trends that advocate pessimism, escapism and cowardice, when terrified by the imperialist attacks.

Grasping the fundamental principles of Marxism-Leninism-Maoism, our Party, the (Unity Centre), is set on the preparations for protracted People's War based on the strategy of encircling the city from the countryside to accomplish the New Democratic revolution for effectuating changes in the semi-feudal & semi-colonial condition of Nepal. In this context it is self-evident that the experiences of the PCP have been and will remain specially significant for us. We believe that today the best way for one Communist Party and the people to extend help to another Communist Party and the people is to develop revolution in one's own country. The PCP has set a fine example of proletarian internationalism by stating that one of the important aims of developing People's War (in Peru) has been to 'serve world revolution.'

In the end, our Party has been doing the best to mobilize the masses for the defense and liberation of Com. Gonzalo. Our endeavor to make it more effective and extensive it still on. We are confident that no power in the world would be able to suppress the PCP trained in Marxism-Leninism-Maoism and the firm, revolutionary thoughts of Com. Gonzalo and to prevent the victory of People's War successfully marching ahead with arms for the last 12 years. By converting adversity into hatred towards the enemy, the revolutionary Peruvian people under the leadership of the PCP would continue resolutely on the great march forward to world revolution. For this, the CPN (Unity Centre) once again extends militant solidarity to the PCP.

With revolutionary greetings,

(Prachanda)
General Secretary
Communist Party of Nepal (Unity Centre)
